Why Philips Battery?

Philips Battery 4 Core Values

Trusted & reliable brand

Philips battery has more than 50 years history and is ranked highest among the battery brands. It is perceived as trustable and reliable – ideal brand values for success in batteries.

Best solution for every device

Philips battery is your best solution to meet your daily needs by providing complete product range.

Safe and high quality

Philips batteries is a strong partner with innovative, safe and high-performance products that will raise your brand portfolio onto a new level.

Alkaline battery remains fresh for use for up to 10 years and on par with A-brand competitors

Quick to the market

Philips provides flexible, fast and tailor made solutions at the point of sale. We support and boost your sales with eye-catching displays, consumer-friendly packaging designs and emotional consumer appeal.

Product Detail

Premium Alkaline

Our best Alkaline... ever!

The best choice for power hungry devices such as photo cameras and flashes, toys, gaming...

Top Performance

166%/176%(AA/AAA) better than IEC standard.

Alkaline technology is ideal for energy hungry devices

Ease of Use

Easy-to-understand language-free user instructions

Environmentally Responsible

Philips Alkaline batteries contain 0% Cadmium, Mercury, Lead

Extreme **long lasting** power ideal for very high drain such as photo flashes, digital cameras, toys and gaming devices.

The perfect battery for your **very high drain devices**

Available in **AA** and **AAA**

Ultra Alkaline

Ultra high power for ultra high-drain devices

When you simply have to have the best, insist on Ultra Alkaline batteries. They give you 30% more power than ordinary alkaline batteries and are perfect for your high-energy consuming devices.

Top Performance

Ultra Alkaline batteries are 132%/129%(AA/AAA) better than IEC standard.

Complete range which means a battery for every need

The battery remains fresh for use for up to 10 years

Ease of Use

Colours make recognition of battery sizes easier

Easy-to-understand language-free user instructions

Environmentally Responsible

Philips Alkaline batteries contain 0% Cadmium, Mercury, Lead

Delivers **more power** than ordinary alkaline batteries

Perfect for **power-hungry devices**

Available in **AA, AAA, C, D** and **9V**

Power Alkaline

Top Performance

Alkaline technology is ideal for energy hungry devices
Alkaline batteries are 109%/118%(AA/AAA) better than IEC standard.

Complete range which means a battery for every need
The battery remains fresh for use for up to 10 years

Ease of Use

Easy-to-understand language-free user instructions

Environmentally Responsible

Philips Alkaline batteries contain 0% Cadmium,
Mercury, Lead

Extra long-lasting batteries

Dependable power and long life
for commonly used in everyday
life - remotes, radios, flashlights,
mice, keyboards and more.

Available in **AA, AAA, C, D** and **9V**

Entry Alkaline

Top Performance

Alkaline technology is ideal for energy hungry devices
These Alkaline batteries are 3x better than average
Zinc Carbon

Complete range which means a battery for every need
The battery remains fresh for use for up to 10 years

Ease of Use

Easy-to-understand language-free user instructions

Environmentally Responsible

Philips Alkaline batteries contain 0% Cadmium,
Mercury, Lead

Long-lasting batteries

Dependable power for everyday
devices.

Available in **AA, AAA, C, D** and **9V**

Lithium Ultra

Lasts 7x longer than alkaline

Philips Lithium Ultra batteries are perfect for power-hungry portable gear. They last an amazing 7 times longer than alkaline types, delivering more hours of fun. Quite simply, they're the top performers you've been waiting for.

Top Performance

Complete range which means a battery for every need
Extreme performance in all weather conditions The battery remains fresh for use for up to 7 years
Ultra high energy for power-hungry digital devices

Ease of Use

Colours make recognition of battery sizes easier
Easy-to-understand language-free user instructions
Environmentally Responsible
Philips Lithium batteries contain 0% Cadmium, Mercury, Lead

AA and AAA **last longer** than regular alkaline batteries
Maintains high performance in extremely high or low temperatures
Available in **AA** and **AAA**

LongLife

High quality Zinc-Chloride

The high quality Zinc-Chloride technology ensures long battery life when used at low energy consuming devices.

Cadmium and Mercury free

These Philips batteries are guaranteed free from harmful heavy metals such as Cadmium and Mercury.

Shelf life up to 3 years

Every battery suffers from energy loss when not in use. We guarantee that the battery contains at least 80% of its initial energy within the best before date.

For **low-drain products** such as clocks, radios, calculators and simple remote controls
Available in **AA, AAA, C, D, 9V** and **4.5V**

Rechargeable

Enjoy your device longer

Ideal for all kind of devices, these do not need draining before recharging, simply top them up whenever it is convenient for you. What's more you can recharge them up to a thousand times.

Top Performance

NiMH technology for recharging multiple times
The battery for toys and other general devices
Enjoy the full capacity over and over again

Nickel-Metal Hydride

Nickel-Metal Hydride technology allows recharging multiple times and makes replacement of the accus almost unnecessary.

No capacity loss over time

A Nickel-Metal Hydride battery can be re-energized fully up to 1000 times without draining it before charging. This allows you to make easier and better use of your rechargeable batteries.

Available Sizes

AA, AAA, C, D, 9V

Environmentally responsible products that can be used again and again

High capacity

Ready-to-use batteries, pre-charged for instant use

Available in **AA** and **AAA**

Battery Charger

The Philips Value charger keeps up with your daily need for power at an exceptional value. Thanks to the simplicity of its design, this charger perfectly fits even in small spaces.

Fully charges your batteries **overnight**

Reverse polarity protection

for correct battery installation
Charges AA and AAA NiMH rechargeable batteries

in one charger

LED light **indicates charging in progress**

Batteries for Electronics

Specialty batteries include lithium, alkaline batteries and zinc air batteries. All come in safe, easy-to-open packaging that protects their reliable long-lasting performance. Clear packaging communication in line with the rest of the battery range makes it easy for shoppers to find the right product.
